INVESTMENT OPPORTUNITY

Taylor's Crossing presents a rare opportunity to acquire commercial strata space along North Vancouver's prominent Marine Drive Commercial Corridor. With strong visibility, established surrounding amenities and continued growth throughout the area, the property offers both immediate ownership benefits and compelling long-term potential.

Income While You Plan

The existing lease runs to April 30, 2029, so rent from the current tenant helps carry a portion of your mortgage and holding costs while you plan, design and prepare the premises for your own occupancy.

Build Long-Term Equity

Ownership allows purchasers to build equity over time while benefiting from the potential appreciation of a well-located commercial asset.

Control Occupancy Costs

Owning your premises provides greater certainty over long-term occupancy costs and reduces exposure to rising market rents and lease renewal risk.

Prime Commercial Location

Strategically positioned at Marine Drive and McKay Road, Taylor's Crossing benefits from excellent exposure, convenient access and proximity to Capilano Mall and surrounding retail, services and residential neighbourhoods.

Future Growth & Redevelopment

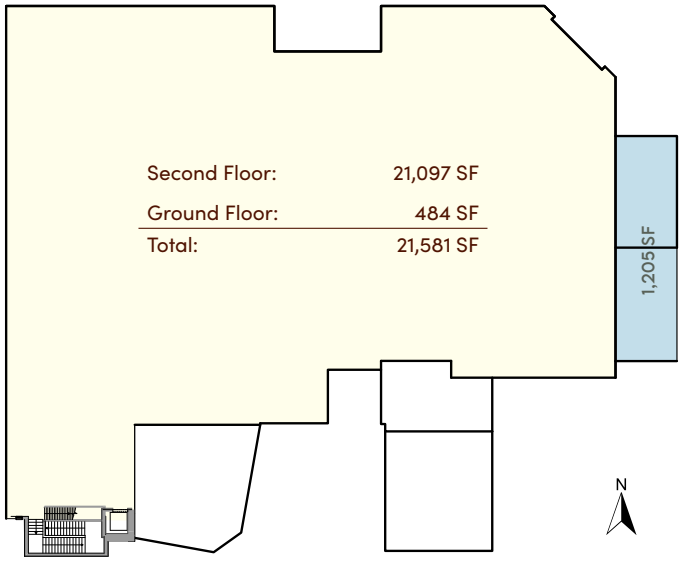

The Marine Drive Corridor continues to evolve through new mixed-use and higher-density development, supporting increased activity and long-term demand in the area.

Operational Flexibility

Ownership provides greater control over the use, improvement and customization of the premises, creating a long-term home for your business.
